

New-Look Forum!

Written by Administrator

Wednesday, 27 January 2016 15:04 - Last Updated Thursday, 22 March 2018 19:43

We have just re-organised the forum to give public viewing access to the general building discussion area and more great information, with a new Members Only area for things such as building plans for cottages and cabins, construction specific details and tutorials from the workshop and eBook, and of course the eBook as soon as it is released, and other exclusive Member goodies. To become a member, either attend a live workshop or buy the up-coming eBook once it is released.

Happy building!
